

Established in 1906, trading and finance was the sole activity of Elque & Co. However, under the diligent leadership of its Chairman, Mr. Anil Sen, the company grew by leaps and bounds and is currently involved in Seafood processing, PET bottles and packaging, bottling of mineral water and PET Resin manufacture apart from food processing.

With more than four decades in food processing and seafood and as one of India's leading food and seafood processors and exporters, the Elque group of Companies operates 5 processing facilities with certified production plants and globally acclaimed list of customers Europe, Japan, United States, Middle East, Australia, and China.....
